Dear Sir ,

I'm writing this letter to draw your attention to a certain problem I am presently dealing with . As you know , I came here to work with your team to experience in teaching and working closely with children regarding my abilities and passions whether I could have a close relation with children or not . I've been teaching English to children who are 5 years old ; besides , recently **I've started** to assist your Art-teacher by attending in her classes as an assistance .

As I got married and my husband has got a new job in other province , we must move there within a month .Although I know that you immensely count on me as a teacher in this year **but at the same time** ,I hope you would realize my situation and the fact that I am hapless in this case and can do nothing about it.

I know that it is too difficult for you to **find out** a new teacher as a replacement **Due** to lack of time , I would like to introduce and recommend one of my friends who is teaching English in other school with enough experience to avoid any inconveniences from my resignation .

Finally , I would like to take this opportunity to thank you for all of your unforgettable support and encouragement that you have granted on me over this months .

Your Sincerely ,
Makame Tajbakhsh

Comment: Nice Letter; nonetheless, the blue- colored are lethargic errors for you to avoid. For instance, there is a vast difference between `find` and `find out`. We never ever accompany `although` with `but`.
